### DELANO MODIFIED COMMUNITY CORRECTIONAL FACILITY

#### Visiting

The DMCCF's Visiting Program is intended as an avenue to develop and maintain healthy family and community relationships. We hope that your visiting experience with DMCCF is enjoyable.

Visiting in DMCCF must be conducted in as accommodating a manner as possible in keeping with the need to maintain order, the safety of persons, the security of the facility, the requirements of prison activities and operations. It is a privilege for inmates to have personal visits while confined at DMCCF. Inmates are aware that failure to comply with the established regulations and policies by either their visitors and/or the inmate may result in warning, termination, suspension or revocation of visiting privileges. These rules may appear restrictive, but they are intended to ensure the continued security of the institution, staff, visitors and inmates.

The Delano Modified Community Correctional Facility's Policy and Procedure governing inmate visiting has been established for the administration and operation of the visiting program.

We hope you will assist us in making DMCCF's visiting experience a pleasant one for you, your family, friends and the person you are visiting.

#### Normal Visiting Schedule

Saturdays & Sundays:                      7:30 a.m. – 3:15 p.m.

Inmates may visit only during non-work/training hours except as provided in CCR Section 3045.2.

#### Holiday Visiting Days (hours are the same as above)

The Department recognizes five major holidays that may or may not be on a regularly scheduled visiting day. The designated visiting holidays are:

- 1) New Year's Day
- 2) Independence Day
- 3) Thanksgiving Day
- 4) Christmas Day

## **IMPORTANT INFORMATION FOR ALL VISITORS**

Visitors entering DMCCF are subject to a search of their person, vehicle and property to the degree necessary to ensure facility security, and prevent the introduction of contraband. Visitors may leave the institution grounds rather than submit to a search of their person, vehicle or property. However, refusal to submit to the search will result in the denial of visitation for that day. Visitors may not elect to leave the institution grounds rather than submit to a search when institution officials possess a court-ordered search warrant or the cause for a search warrant arises while the visitor is on institution grounds.

All visitors should be aware that DMCCF is prohibited from recognizing hostages for bargaining to effect an escape by inmates or for any other reason(s). All visitors should be aware that DMCCF does not negotiate for release of hostages to effect an escape or for any other reason(s). To protect visitors, especially children, from being injured, visitors are cautioned to stay away from the perimeter fence line.

### **It is a crime to:**

- Assist an inmate to escape.
- Bring onto the grounds any weapon, firearm, ammunition, explosive device, tear gas, pepper spray, alcohol or controlled substance, cameras and/or recording devices including any cell phone, or any tobacco related contraband/paraphernalia, such as cigarettes, cigars, lighters, etc. Take letters and/or written documents to or from an inmate. Falsely identify yourself to gain admission to the institution.
- Enter without the permission of the Chief of Corrections if you have previously been convicted of a felony.
- Improperly dispose of prescription drugs and/or medical supplies.

## **TYPE OF VISITS**

The following describes the type of visit and its limitations. If the number of visitors on a particular day is especially high, visits may be terminated to allow all visitors the opportunity to use the visiting facilities.

### **Contact Visits**

Contact visits mean that visitors may visit with the inmate in the visiting room. The number of visitors is limited to no more than five visitors per inmate, including children. No time limit is imposed on contact visits except when the visiting room reaches capacity; visits may be terminated to make room for other visitors as they arrive. The "first in, first out" rule is applied in this case.

### **Application process:**

The inmate shall send family members and friends an application (CDC Form 106) to visit. All adult visitors must complete the application and return it to DMCCF by mail. The Visiting staff must approve the application before the family member and/or friend may visit. This should take approximately 30

working days. The CDC Form 106 must be filled out completely and accurately. Failure to provide all requested information might result in the request being either denied or delayed.

**Adult Visitors:**

The inmate will let each visitor know they are approved or denied. If approved, a visitor may be required to update the application after 12 months.

**Children:**

Juveniles are only allowed to visit when they are accompanied by an approved adult visitor such as a parent, a court appointed legal guardian, or they have written, notarized permission to visit from the child's parent or legal guardian and a certified birth certificate or embossed abstract of birth. Notarized letters must have the notary stamp on the original document; it must not be stapled or attached as an amendment and must be updated each calendar year. Child victims are not allowed to visit any inmate convicted of sexual and/or physical abuse offense against the juvenile. To protect the juvenile, the adult visitor must provide identification for each child visitor to verify the child is not the victim.

**Attorneys/Legal Representatives:**

An attorney or legal representative must make an appointment to interview an inmate. The attorney visit will be scheduled through the CDC staff's office.

**Persons on Active Parole:**

It is a felony for a former inmate to be on the grounds of any prison for any reason without prior written approval from the Chief of Corrections of our facility. Parolees must have prior written approval from their Parole Supervisor and the Chief of Corrections at DMCCF, prior to coming on facility grounds. Persons discharged from parole must provide proof of discharge along with the Chief of Corrections' written permission to visit.

Visitors with implanted or prosthetic devices, wheelchairs, or other medical devices may contact the Visiting Officer for information and/or special instructions.

### **Special Circumstance Visits**

In general, inmates who have work assignments are allowed to visit only during their non-work hours. In some cases, however, an inmate may be approved to visit during his work hours for extraordinary circumstances. These special circumstances include:

**Excessive Distance:** When a visitor must travel a distance of 250 miles or more and has not visited the inmate within the past 30 days. No more than one day is permitted for such a visit.

**Disabled:** When a visitor is disabled (as defined by California Law) and must rely on special transportation to the institution, approval is required five working days prior to the visit.

**Family Emergency:** When death, serious illness or injury occurs to an inmate's immediate family member, clergy person(s), family member or close friends may visit the inmate to offer condolences or to inform the inmate of the occurrence. The emergency must be verified prior to the approval of the "Emergency Visit".

**Infrequent Visits:** When an inmate normally receives infrequent visits and a visitor unexpectedly arrives, a visit may be granted. "Infrequent visit" is defined as not more than one visitor every six months.

**Close Custody Counts:** Inmates who due to either the length of their sentence or aberrant behavior are given the Close Custody level. All close custody inmates will remain in plain view of the visiting floor officer. Time at each institution or facility may vary; please contact the specific institution that you visit for specific Close Custody count hours.

**Visiting Room Procedures:**

Each visitor and inmate is responsible for his or her own conduct while visiting. Violation of the rules and regulations may result in termination, restriction, suspension, or denial of visits. Additionally, disciplinary charges may be filed against the inmate. An inmate and his visitor(s) are allowed to embrace and kiss at the beginning and the end of their visit. Holding hands on top of the table in plain view is permitted, with no other physical contact. Excessive contact, (kissing, massaging, stroking, and sitting with legs intertwined or sitting on laps) could result in termination of the visit. However, the adult visitor may ask for a pencil and notebook paper as needed. Children are to remain under the direct supervision and control of the visiting parent or guardian at all times. Smoking is not allowed in the visiting room.

**Citizen's Complaint Process:**

If you have a problem concerning visiting, you should try to resolve it immediately. You should ask to speak with the Visiting Officer and/or Watch Commander. Should the problem persist or you do not receive remedy, you may write the DMCCF Director of Security with a description of the problem and what resolution you are requesting.
